

programTerm

outputTerm

16

```
graph TD; outputTerm --> 16
```

The diagram consists of three rectangular boxes with blue borders. The box on the left contains the text 'programTerm'. The box on the top right contains the text 'outputTerm'. A vertical blue line with a downward-pointing arrowhead connects the bottom center of the 'outputTerm' box to the top center of a box below it. This bottom box contains the number '16'.
